## **PHARMACY PRACTICE EXPERIENCES**

---

**Inpatient Pharmacy Intern**  
Aurora BayCare Medical Center – Green Bay, WI

## Doctor of Pharmacy Program

SCHOOL OF PHARMACY  
UNIVERSITY OF WISCONSIN-MADISON

Supervisor: XX, PharmD

- Monitored patients for medication efficacy and safety, assessed daily drug-drug interaction and anticoagulation reports and made pharmaceutical recommendations to pharmacists and other health care providers, performed pharmacokinetic calculations, and provided education at discharge for all patients starting oral anticoagulation
- Designed, coordinated, and implemented a pilot Pharmacy Technician Medical Admission History Program, collected and evaluated data, and developed presentation on outcomes
- Coordinated and conducted sterile products competency testing in accordance with USP 797 for all pharmacists and pharmacy technicians and provided individualized education and training in areas of deficiency
- Developed a system-wide “For Your Well Being” patient education handout on pain-relieving medications for the breastfeeding mother

### **Inpatient Pharmacy Technician**

Aurora Medical Center Manitowoc County – Two Rivers, WI

Supervisor: XX, RPh

- Prepared unit doses and cartfill, performed cart exchange, and refilled Accudose cabinets
- Received “Planetree” training in creating a healing and compassionate healthcare environment

## **ADVANCED PHARMACY PRACTICE EXPERIENCES**

---

### **Ambulatory Pharmaceutical Care Clerkship**

Marshland Pharmacy

Mayville, WI

Preceptor: XX, PharmD

### **Intensive Care Pharmaceutical Specialty Clerkship**

William S. Middleton VA Hospital – Surgical and Cardiac ICU

Madison, WI

Preceptor: XX, PharmD

### **Ambulatory Pharmaceutical Care Specialty Clerkship**

Wingra Family Medical Center

Madison, WI

Preceptors: XX, PharmD, BCPS, BCACP and XX, PharmD

- Provided pharmacy support and staffing for Family Medicine residents
- Interviewed patients and determined appropriate anticoagulation therapy and follow-up
- Performed medication therapy management consults for patients with hypertension, diabetes, and mental health conditions and documented patient interactions in SOAP note format

### **Acute Pharmaceutical Care Clerkship**

University of Wisconsin Hospital and Clinics – General Medicine

Madison, WI

Preceptor: XX, PharmD, BCPS, AAHIVE, CNSC

- Performed daily monitoring for patients, which included reviewing all patients’ medications, vitals, and labs, and determining appropriate efficacy and safety monitoring parameters
- Actively participated on daily unit rounds by providing evidence-based recommendations and answered medication-related questions

## Doctor of Pharmacy Program

SCHOOL OF PHARMACY  
UNIVERSITY OF WISCONSIN-MADISON

- Determined appropriate pharmacokinetic dosing for vancomycin and aminoglycosides
- Performed medication histories upon patient admission and provided medication consultations upon patient discharge

### **Ambulatory Pharmaceutical Care Specialty Clerkship**

Zuni Comprehensive Community Health Center

Zuni Indian Reservation, Zuni, NM

Preceptor: XX, PharmD, BCPS

- Utilized Indian Health Service communication skills while counseling patients on medications
- Interviewed patients and developed anticoagulation plans and appropriate follow-up
- Developed the protocol for a Pharmacist-Led Hypertension Ambulatory Clinic

### **The Medicine Shoppe**

Two Rivers, WI

Community Pharmaceutical Care Specialty Clerkship (Elective)

- Performed profile reviews and counseled patients on new and refill prescriptions
- Measured blood pressure, determined blood pressure goals, and utilized motivational interviewing to help patients improve their blood pressures by making small lifestyle changes
- Monitored blood pressure and blood glucose readings daily for patients through the CareCompanion® Program and made therapeutic recommendations based on results
- Created new Pharmacist-assisted Tobacco Cessation Program model, including new patient education and documentation forms, and presented business case to local physician group

## **TEACHING EXPERIENCE**

---

### **Student Teaching Assistant**

Pharmacotherapy III Women's Health Unit

University of Wisconsin – Madison, School of Pharmacy

Madison, WI

Professor: XX, PharmD, BCPS, BCACP

- Led patient case discussions regarding Women's Health and contraceptives in pharmacotherapy lab and lecture
- Promoted students' ability to utilize resources and apply pharmacotherapy concepts to adapt to patient-specific considerations

### **Student Teaching Assistant**

Pharmacotherapy I & II

University of Wisconsin – Madison, School of Pharmacy

Madison, WI

Professor: XX, RPh

- Trained over 130 DPH-1 students to play the role of standardized patients for DPH-2 consultations in Pharmacotherapy Lab for epilepsy, migraine, and depression patients
- Facilitated pharmacotherapy lab discussions of various patient cases, including epilepsy, migraine, anticoagulation, chronic stable angina, and acute coronary syndromes
- Developed and presented an online lecture covering the epidemiology and risk factors for coronary heart disease and wrote quiz questions based on lecture

- Provided discussion session on anti-thrombotics and fibrinolytics using active learning techniques to enhance student learning for the DPH-2 class

## RESEARCH EXPERIENCE

---

### Research Assistant

University of Wisconsin – Madison, School of Pharmacy  
Madison, WI

Protocol M-2018-0084: Does patient role-playing improve pharmacy students' counseling skills?

Scope: To evaluate the impact of peer role-playing on students' communication

Principle Investigator: XX, RPh

Co-principle Investigators: John Doe, PhD, and Buckingham Badger, 2020 PharmD Candidate

- Surveyed DPH-1 students pre- and post-role play regarding their self-efficacy in consultation skills, compiled and analyzed data, and helped develop research paper on findings.

### Laboratory Assistant

Asthma, Allergy, and Pulmonary Research Laboratory  
University of Wisconsin – Madison, Clinical Science Center  
Madison, WI

Principle Investigator: Jane Doe, MD

Supervisor: XX, PhD

- Trained medical fellows and students in conducting enzyme-linked immunosorbent assays (ELISAs) and in tissue culture of airway fibroblasts and epithelial cells
- Designed and carried out an independent study on the inhibition of eosinophils and presented the results to a group of physicians and scientists
- Developed new cell maintenance and assay protocols and revised outdated procedures
